

## EcoServer Carts

EcoServer Carts make linen more accessible throughout the hospital units and create a tidier, more hygienic use of space.

**1. Top shelf**

The top shelf is the perfect place to store gloves, wipes, and other smaller items.

**2. Cart Cover**

The cart cover meets Infection Control Requirements.

**3. Handle**

The handle is the perfect place to hang the orange return-to-laundrerer bag.

**4. Bag frames**

This model displays four separate bag frames. Carts can be customized to hold 2-8 bags. Carts are available in 24", 36", and 48" wide models.

**5. Multi-directional wheels**

The wheels on the carts are able to allow for easy maneuvering.

**6. Wheel brakes**

Each of the wheels on our carts have brakes so that they will remain stationary.
